Railroad Meeting at Verdina.

The first of the three Railroad meetings, scheduled by the proposed San Antonio Rock Springs and Western Railroad Company for Medina County, was called to order by acting chairman, Mr. Albert Reitzer.

After introductory remarks dwelling upon the proposition and the progress that has been made, Mr. Reitzer introduced Mr. E. L. Gammage, the Assistant General Manager of the Holding and Development Company.

Mr. Gammage went into detail in explaining the proposition to the audience, telling of the benefits to be derived from a road which will open up and develop this part of the country to the four corners of the Earth. He dwelt at length upon the possibilities of a rail connection to the outside world and the bearing it would have upon the educational, as well as the business phase of life. He told of the new towns to be established along the route, giving better shipping facilities to the farmers and stockraisers along the line of the proposed railroad, which will bring more people and more capital to this section, and that the coming of the road would mean more neighbors, more school houses, as well as to develop the mineral and the agricultural resources, thereby stimulating general prosperity.

Mr. Gammage pointed out that the building of the San Antonio Rock Springs and Western Railroad will be the connecting link to a great trunk line road which will give through service to Kansas City and Denver, and the great Northwest; to the Pacific coast as well as north to Chicago and the Great Lakes; east to New York and the Atlantic seaboard, as well as San Antonio and the Gulf of Mexico and foreign ports and markets.

The fact that eleven bonus notes were signed signifies the forceful and straightforward manner in which every detail was so completely and thoroughly explained, and in such a manner as to appeal to the younger people present, who also signed bonus notes to the amount of several hundred dollars, which notes were endorsed by their parents who are the owners of the land. It was indeed very gratifying to see the interest displayed by the women folks at the meeting last night.

All signed bonus notes were immediately turned over to Mr. Reitzer, the chairman of the Local Railroad Committee, who, in turn, delivers the notes to the Medina County trustee, Mr. Ben de Jorno.

Further meetings are scheduled as follows: Friday night, March 18, 1921, at Sturm hill school house; Saturday night, March 19, 1921, at Riomedina. The citizens in these communities are urgently requested to be present on the two dates.

The representatives of the Holding and Development Company, Messrs. R. L. Davies and Alfred Pfeiffer, will be here continually at the services of the citizens along the proposed route.

Know Your County.

The University of Texas has just issued a Bulletin on "The Geology and Mineral Resources of Medina County." The Bulletin is the work of Dr. R. A. Liddle who, as a representative of the geological department of the University, spent considerable time in this county during 1920, collecting the data for this Bulletin.

While, as a matter of course the Bulletin contains quite a lot of information intelligible only to those having some knowledge of geology, wherein the geological ages of the different formations are discussed, it nevertheless contains a great fund of information in terms readily understood by any reader, and should prove of absorbing interest to every citizen of the county.

Perhaps that portion of the Bulletin dealing with the probable location of oil fields in this county, will prove the most interesting part of the Bulletin to the majority of our people, as the question of oil is agitating the public mind to a greater extent just now than ever before in the history of the county. While, of course, Dr. Liddle does not absolutely guarantee the finding of commercial oil in this section, he contends that geological formations are favorable and recommends careful, systematic effort in its location. The Bulletin contains valuable information as to clays, building materials, etc., that should prove of interest to our people, but beyond question the hope of an oil strike held out will prove the greatest interest to our people and the natural sequence of the publication of the Bulletin should be renewed effort to locate the pool.

The Bulletin contains near 200 pages, interspersed with maps and pictures. That it is a valuable publication on Medina county is beyond question, and it is yours merely for the asking. A letter addressed to Dr. J. A. Udden, care State University, Austin, Texas, will bring you the Bulletin without cost. In writing ask for Bulletin No. 1860. It is just off the press and there is no doubt of your securing a copy if you make prompt application, and it is well worth your study.

After submitting his report Dr. Liddle resigned his position with the University and we understand is now in South America doing geological work for the Standard Oil Company.

Mr. Fritz Fucks, the big oil man, was here Thursday looking after his interests in the Yancey section. Mr. Fucks is very optimistic over oil prospects in this county and predicts the next great oil field to be opened up in Texas will be right here in Medina county. Being a geologist himself, and having made a success of the oil game, his opinion is of importance. The Ewell-Nalle Oil Co., in which Mr. Fucks is interested, spudded in Wednesday on the Nixon ranch and soon had gone down fifty feet, but was forced to shut down as the water well at its present depth does not furnish sufficient water for the boilers. This difficulty will be overcome by sinking the water well to a greater depth. This new company will operate a rotary rig, the first to be employed in this field, and expect to be down to a depth of a 1,000 feet inside of thirty days, if you are interested in the oil game keep your eyes on Medina county. Something is liable to happen any moment.

Railroad passenger rates were substantially advanced last Monday by order of the International Chamber of Commerce. Heretofore, for instance, the rate to San Antonio was \$1.50 and 12c war tax, total, \$1.62; new rate, \$1.78, war tax 14c, total, \$1.92, or an advance of 32c over the old rate. In figuring your traveling expense in future add 60c to your passenger fare for each hundred miles, \$6.00 for each 1,000 miles, and so on. The State of Texas is contesting this advance in passenger fares, claiming passenger fares are fixed by law in this State and that the I. C. C. is without authority to advance the rate above the 3c fixed by the State law. The matter will be threshed out in the Supreme Court of the United States. Meanwhile if you want to travel dig down a little deeper in your jeans or hit the dirt road.

McWilliams-Moon.

A quiet home wedding occurred last Sunday morning, March 13th, at the home of Mr. and Mrs. W. C. Cox, on the Frank Brown ranch, when the marriage vows of Miss Opal Moon and Mr. Fred L. McWilliams, were solemnized by Arthur S. Allen, pastor of the Hondo Baptist Church. Mrs. McWilliams is a charming young woman—sister of Mrs. Cox, with whom she has made her home for the past year. The fortunate groom is connected with one of the garages of Devine. The happy couple motored to San Antonio after the ceremony.

The Little Clodhopper.

A pleasing little melo-drama, entitled "The Little Clodhopper", will be presented by home talent at the Yancey School Auditorium tonight, March 19. A small admission fee, 25c for adults and 15c for children, will be charged, the proceeds to go to the Yancey school. If you wish to spend a pleasant hour and at the same time help along a laudable purpose attend the entertainment.

Notice to Stockmen and Farmers of Medina County.

There will be a mass meeting in the District Court Room at Hondo, Saturday, April 2nd, 2 p. m. Every Farmer or Stockman who feels that he is not getting the price he should for his products should attend and inform himself how he can market his products to get a fair price. There will be a team of men here from The Federal Farm Bureau, and the Texas Chamber of Commerce, who will explain what The Farm Bureau is trying to do for the farmers of Texas.

Every Farmer and Stockman should come out to this meeting, as the marketing situation is of vital importance to him at the present time.

The work of The Farm Bureau falls into three general classes:

1. Cooperative Marketing.
2. Legislation.
3. Education.

Yours very truly,

C. M. ME RITT,
Hondo, Texas.

The Height of Musical Joy

YOU get the height of musical joy when you hear a great living artist. But you get equal joy when you hear the same artist on the New Edison.

The proof of this is convincing, conclusive and concrete.

The NEW EDISON "The Phonograph with a Soul"

Convincing—for Mr. Edison himself said in a recent interview: "The emotional effects and consequent benefits of music are well known. Through the agency of my new phonograph, I can produce the same effects as would result from the original music."

Conclusive—for you can score, on a Mood Change Chart, the effects of the New Edison's realism on you. Come in and listen to this test of realism.

Concrete—for we will show a big book of proof, that there is no difference between RE-CREATED music and the original music. This proof would be good in any court of law.

Something New.

Have you tried the "Federal Pure-
food" articles? They are put up in
powder form, in small cans. Each
kind make an excellent desert. There
is CHOCOLATE, COCONUT and
LEMON, either of which make deli-
cious puddings, custards, pies, or nice
cake filling. Each can will make
about four average sized plate pies.
Another kind — "CERO-BUTTER"
makes an article closely resembling
apple butter in color and taste, and
also may be made into plate pies or
used for cake filling. It will make
about 6lbs of apple butter to the can.
Next is "KRISPY KRUT" to make
pie crust and other delicate and tasty
pastries. Enough crust for 4 or 5
pies to the can. Each of these articles
are A-1 in quality. J. T. Horger has
taken the agency for these goods for
Medina County and has just received
the first 40 dozen cans, fresh from
the factory. 35c per can, or 3 for
\$1.00. Satisfaction guaranteed or
money refunded—try them. 33-4t.

what the members were going to do
with the male calf, whether they were
going to pay the fees to keep it up or
whether they were not going to pay
the fees. The members could not
agree, so Mr. Merritt said that he
would go to every member's father to
find out if he was going to let his
child, son or daughter, help keep up
the male calf. If he was going to
help keep this male calf in club he
would have to pay the fees.

Model Husband.

"Yes," said Mrs. Meek at the Woman's club, "John makes a model husband. If I never cook anything but what he likes, if I never want him to go anywhere he doesn't want to, and never ask him for money, why, he is the easiest man to get along with that I ever saw. Of course, he is a little fussy about his mending, and I often have to do his silk shirts over a few times, and he has a wee prejudice against my entertaining any of my own friends or relatives, but we all have our little failings, and, taking it all in all—and you can say what you please—I call my John an ideal husband."—*Life.*

Chinese Remedy.

The Chinese laundry had ruined his collars. Their saw-edge was cutting his neck. Besides, they looked disgraceful. He thought it was time to complain, because they had been laundered only a few times.

"See here, Lee Sam," he began. "I won't have this! You are simply ruining every collar I possess! Why don't you take a little more pains? What are you going to do about it?"

The laundryman looked at him without emotion, and said: "You buy more collar!"

Then There Was More of It.

"What are you little boys quarreling about, my son?" asked the father coming in the gate.

"Why, this boy from next door said I was as homely as you, papa," explained the young man.

"Oh! And that's what started the trouble, was it?"

"No, papa, the trouble didn't start until I said that I wasn't as homely as you!"—Yonkers Statesman.

L. A. GOODRIDGE GIVES OUT FACTS

Spent Hundreds Of Dollars In
Search For Health - Feels Fine
Since Taking Tanlac.

"Tanlac has straightened me out in fine shape and I have actually gained fifteen pounds in weight," said L. A. Goodridge, 1106 Corby St., Joseph, Mo.

"For five years I had suffered from stomach trouble and nervous indigestion. Gas began to form on my stomach almost immediately after eating and I had sharp, shooting pains in my right side, and I was told several times I had appendicitis. I had severe headaches just about all the time and often became so dizzy I could hardly keep from falling. My liver was sluggish and I became so badly un-own and weak I had to lay off from work a great deal of the time. Although I took about every sort of medicine I could hear of, and spent hundreds of dollars trying to get relief, I kept getting worse.

"When I had taken only one bottle of Tanlac I noticed an improvement in my condition and I kept getting better until now that pain has left my side entirely. My appetite is splendid, I can eat anything I want, the pains are gone from around my heart and I am bothered so little with gas I hardly notice it. I never have a headache or become dizzy any more, and I feel so good all the time I never lose a day from my work on account of sickness. My improvement since I began taking Tanlac is simply remarkable, and I will never be able to say enough for it."

Tanlac is sold in Hondo by W. H. Windrow; in Castroville by Joseph Courand & Co.; and in Dunlay by Louis A. Baby; and in all leading druggists.

Gasses His Rats.

Our good friend, S. B. Moore of Atascosa, has hit upon a plan to exterminate the rats that were undermining his barn and destroying his grain. He attached a water pipe to the exhaust pipe of his Ford car, using an old bicycle tire to make the connection, and placed end of pipe in rat holes. Soon the rats were coming out in droves and falling dead by dozens. Many died under the ground. Mr. Moore has tried many plans but says this is the most successful he has hit upon. The gas from the Ford engine is more deadly to rats than German gas was to their enemies. - Devine News.

Browne, and the unknown heirs of each and all of said parties herein named as defendants, to be and appear before the Hon. District Court at the next regular term thereof, to be holden in the County of Medina, at the Court House thereof, in Hondo, on the 6th Monday after the first Monday in March, the same being the 18th day of April, A. D. 1921, then and there to answer a petition filed in said Court on the 11th day of March, A. D. 1921, in a suit numbered on the docket of said Court No. 1920, wherein E. A. Parsons, is plaintiff, and William H. Patton, the unknown heirs of William H. Patton, deceased, Robt. W. Withers, Wm. Withers, Mary D. Withers, J. P. Withers, H. Withers, A. Withers, Helen Pickens, Maria L. Brown, Helen P. Otts, Mary P. Walker, C. D. Walker, Stella P. Stickney, J. B. Stickney, H. W. Poellnitz, E. V. Otts, C. A. Poellnitz, A. R. Poellnitz, W. W. Browne, and the unknown heirs of each and all of said parties, are defendants:

The nature of plaintiff's demand being as follows, to-wit: That on the 1st day of March, A. D. 1921, plaintiff was lawfully seized and possessed of the following described land, lying and being situated in Medina County, Texas, to-wit: Survey No. 12683, originally granted to Wm. H. Patton, on West Verde, a tributary of Hondo and Frio Rivers, about 24 miles N. 47 W. from Castroville, by virtue of M. B. H. R. Cert. No. 151327, issued by the Com'r of the Gen'l Land Office, March 18th, 1867. Beginning at a monument of rock on East side of Verde Creek, and the E. corner of Survey No. 1268, made for Edward Ramirez, for 320 acres. Thence S. 45 E. 600 yds. to another monument of rock for N. W. or starting corner of this Survey; Thence East 1048 yds. to a stake and mound for S. E. cor.; Thence W. 1048 yds. to a mound of rocks for S. W. cor.; Thence N. crossing Verde 1048 yds. to the place of beginning, containing 194 acres of land, more or less; That on the day and year aforesaid, March 1st, 1921, defendants unlawfully entered upon said premises and ejected plaintiff therefrom and unlawfully withholds from him the possession thereof; Plaintiff represents that the above described land was conveyed to him by S. W. Lewis, & wife, Stella Lewis, by deed, dated October 11th, 1920, which said deed was filed for record on October 11th, 1920, in Medina County, and recorded in Book A. No. 62, on page 208; said land was conveyed to said S. W. Lewis, by C. E. Lewis, by deed dated Febr'y. 29, 1916, which said deed was filed for record on April 1st, 1916, in Medina County, and recorded in Book A. No. 52, on page 179; said land was conveyed to said C. E. Lewis, or Chas. Lewis, by two certain deeds, one from Rufus Evans, of date January 19th, 1907, filed for record on January 19th, 1907, recorded in Book A. No. 33, page 412; the other deed being from H. Withers, et al, dated Sept. 16, 1911, filed for record on January 10th, 1912, recorded in Book A. No. 46, on page 605; That plaintiff and those through whom he claims, as above alleged, entered upon the above described land and took exclusive possession thereof, and since that time has had peaceable and adverse possession thereof, cultivating, using and enjoying the same, and paying all taxes thereon, claiming the title to said land under and by virtue of the aforesaid deeds for a period of more than five years prior to the date of the institution of this suit, such peaceable and adverse possession having been continuous by plaintiff and those under whom he claims and their title thereto not having been questioned or disputed by any one during said period of time, Wherefore he claims cause of action for any claim, right, title or interest in and to the said land, such cause of action is barred by the statute of limitation of five years; Plaintiff further represents, and alleges that he and those through whom he claims title have had actual and continuous, peaceable and adverse possession of the aforesaid land, cultivating, using and enjoying the same for a period of more than ten years

prior to the date of the institution of this suit, and that it said defendants, or any of them, had any cause of action against plaintiff or those under whom he claims by reason thereof, such cause of action is barred by the statute of limitation of ten years; Plaintiff brings this suit for the purpose of determining the estate, interest or claim, if any, that the defendants, or any of them, may have in and to the above described land; and that the title to said land be decreed to be in plaintiff, free and clear of any and all claims, rights, titles and interests which defendants, or any of them, may have in and to said lands; Wherefore plaintiff prays that defendants be cited by publication as required by law in such cases, that upon a hearing plaintiff do have and recover of and from defendants, and each of them, the land and premises aforesaid, and that the title to said land and premises be decreed to be in plaintiff free and clear of any rights, title, interest or claim of defendants, or any of them, and that plaintiff have such other and further orders or decrees, legal or equitable, to which he may be justly entitled.

Herein Fail Not, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Hondo this, the 12th day of March A. D. 1921.

Issued same day.

GEN. LEONARD WOOD MAKES APPEAL FOR NEAR EAST RELIEF

Says Two and a Half Million
Starving Armenians Need
Help at Once.

Ft. Sheridan, Ill.—Major General Leonard Wood, commanding the Sixth Corps Area, has issued a Lenten sacrifice appeal for funds to save the Armenians from annihilation by starvation and disease. "I feel that however many and however worthy the other appeals which are being made to the great heart of America these days may be," he says, "this cry from the little children cannot remain unanswered."

The Near East Relief, 1 Madison avenue, New York City, which has been charged by Congress with the American relief work in the whole Near East, has formed a special "Lenten Sacrifice Appeal Committee," of which Major General Wood is chairman, Charles V. Vickrey secretary and Cleveland H. Dodge treasurer, to put before the American people the desperate need of the Christian populations of the Near East, who have suffered and are still suffering the horrors of war.

MAJ. GEN. LEONARD WOOD

Among the prominent members of General Wood's Committee are Secretary of the Treasury Andrew W. Mellon, Mrs. Corinne Roosevelt Robinson, sister of the late President Roosevelt, ex-President W. H. Taft, Mary Gorden, President John Grier Hibben of Princeton University, Bishop-Elect William T. Manning of New York, Dr. Henry van Dyke, David Belasco, Samuel Gompers, Frank A. Munsey, Mrs. Carrie Chapman Catt, Mrs. Henry Morgenthau, John G. Milburn of the American Bar Association, Miss Elizabeth Marbury and Mrs. Medill McCormick of Chicago.

General Wood's Appeal

As Chairman of a Special Committee of representative men and women of the country, charged with placing before the American people the desperate need of two and a half million Armenians, the remnant of the oldest Christian nation, whose sufferings through sixteen centuries seem to have brought them no nearer peace, liberty or security, I beg your personal co-operation and influence to forward an appeal for a Lenten Sacrifice Offering to enable the Near East Relief to go on with its work of mercy.

Over one hundred thousand little children who have been kept alive by American generosity for the past three years are absolutely dependent upon the support which America gives them through the Near East Relief.

I feel that however many and how ever worthy the other appeals which are being made to the great heart of America these days may be, this cry from the little children of the land where Christ gave his life for mankind cannot remain unanswered.

Will you help to save this martyred people?

Leonard Wood
Leonard Wood,
Major General,
U.S. Army.

PRESIDENT ENDORSES THE NEAR EAST RELIEF APPEAL

Washington.—President Harding has given his hearty endorsement to the appeal being made by Maj. Gen. Leonard Wood on behalf of the Near East Relief, 1 Madison Avenue, New York City, for a nation-wide Lenten Sacrifice Offering to save the starving Christians of the Near East.

The President's letter reads:

"There ought to be no cessation or relaxation of our sympathetic American efforts to be of service to these stricken people. One can well believe that they will not survive if we withdraw the relief which has heretofore been so generous from the private American purse. It has seemed to me that all we have done has borne dividends tenfold in the consciousness that we have done an humane thing for a people well deserving our generous sympathy.

"I wish you the very greatest success in furthering the great relief movement to which you are now giving your attention.

DR. L. R. SCARBOROUGH,
Chairman Conservation Commission
Baptist 75 Million Campaign.

Dr. L. R. Scarborough, who was general director of the Baptist 75-Million Campaign, and who was later elected chairman of the Conservation Commission that is seeking to conserve all the interests of that campaign, has issued a report from the Nashville headquarters showing the various interests that have profited from the \$16,851,100.68 collected on campaign pledges up to Dec. 1, 1920.

With its receipts of \$2,958,808.07, the Foreign Mission Board has added to its territory five new provinces in China and made the beginning for opening up work in the new fields of Spain, Hungary, Roumania, Yugoslavia, and the Ukraine in Russia; strengthened its work in Syria and Palestine, made a beginning in Eastern Siberia, added 100 new workers to its force of American missionaries in foreign lands, provided new houses of worship, hospitals, schools, publishing plants and other institutions needed in the prosecution of missionary work. What is of even more importance, in the estimation of Secretary Love, is the completion of many institutions and undertakings that had been held up for lack of funds.

Home Missions Doubles Budget

By reason of the larger receipts from the campaign, the Home Mission Board has been enabled to practically double its annual budget for its work of evangelism, church building, work among the foreigners, Indians and negroes, mountain mission schools, enlistment, and general mission work in Cuba and Panama. The appropriations to evangelism have been practically doubled, those to church building increased between 500 and 600 per cent, those to the mountain schools, forty in number, 100 per cent, and those to the work of enlisting undeveloped churches 200 per cent.

In the realm of state missions, which embodies such work as providing missionaries and other special workers for needy fields within the states and aiding weak congregations in the building of houses of worship, the advance made possible by the campaign ranges from 25 to 100 per cent in the eighteen states of the convention territory.

Returns to the Conservation Commission by forty-five of the Baptist institutions of learning which are sharing in the returns from the campaign, show that they have received \$2,712,756 so far. Of this sum, \$1,940,000 has been expended on improvements, \$400,000 has gone to endowment, several hundred thousand dollars in old debts have been wiped out and other improvements are under way.

Ten New Hospitals Provided

Southern Baptists were operating fourteen hospitals when the campaign began, and as a result of the new interest in this work aroused by the campaign ten additional hospitals have been launched. These hospitals have received \$1,111,439.45 from the campaign so far, while local communities in which the hospitals are located have subscribed approximately \$2,000,000 additional. The hospitals have practically \$1,000,000 in improvements under way. The seventeen Baptist orphanages have likewise come in for much larger support as a result of the campaign, their receipts from this source being \$1,018,798.67. As a result of this income the orphanages have been enabled to make improvements valued at \$325,000.

The work of aiding aged preachers is a new one among Southern Baptists as a whole, but as a result of the campaign the Relief and Annuity Board has received \$408,148.82 from that source and \$300,000 from Mr. Rockefeller, Sr.

"ARMENIAN NATION LOOKS TO U. S. FOR SUGGOR FROM DEATH"

Edwin M. Bulkley, Financier and
Philanthropist, Defines Near
East Relief Work.

New York.—"There is no spot on the globe today where there is more desperate and hopeless suffering than in Armenia," Edwin M. Bulkley, the well known New York banker, who has just been elected chairman of the board of trustees of Near East Relief, declared today. Mr. Bulkley succeeds the late Alexander J. Hemphill as head of the American relief work in Armenia, Turkey, Palestine, Syria, Mesopotamia and Persia. He has long been connected with the banking house of Spencer Trask & Co., and is thoroughly conversant with the Near Eastern situation.

"Elsewhere," Mr. Bulkley continued, "there is famine that tears at our heart-strings and evokes our pity and our help. But in Armenia it is not starvation alone that the people face—but starvation coming after six years' destruction, wrought by a war that has never ended and that today is not even ended. It is starvation following pestilence, and stalking hand in hand with death from exposure, from violence or from disease."

EDWIN M. BULKLEY

"In the mountains between Kars and Alexandropol there are 263,000 human beings without clothing, food or shelter in the bitter winter, who are wandering from place to place like people in a nightmare. Unless they are succored before the end of another month, they will all be dead. In southern Persia, the remnant of the ancient family of Chaldean Christians have been forced to renounce forever all hope of ever returning to the homeland where they have dwelt and flourished for 1,600 years, and to become pitiful fugitives, dependent upon the generosity of strangers for life itself. In Cilicia, 15,000 Armenian refugees have crowded into the coast regions seeking safety from the anarchy which reigns in the interior, in terror for their lives. They live from day to day on the food which is given them in the soup kitchens established by the Near East Relief. Scattered throughout the Near East, there are some 7,700,400 Armenians, the remainder of a nation of 4,000,000, who have neither government, country, homeland, shelter or hope of regeneration, save that which lies in the great heart of America."

"It is a tragedy so stupendous that it is difficult for us to grasp its meaning. A whole nation, a living, Christian people, face to face with extermination today, unless we help. We shall see an entire nation disappear from the face of the earth before our eyes if we withhold our hand now, when the call comes to us to save by giving, or by inaction to condemn to death."

Save the Children!
"Perhaps we cannot save all the grown people of this oldest Christian nation in the world. But at least we can save the little children who hold the future in their hands. They have wronged no one. They have harmed no one. And they have suffered through the precious years of childhood a calvary of agony and wretchedness. For three years the Near East Relief, an American organization, incorporated by Congress, has built up the nucleus of a new generation in the Near East, with the little children that it has taken in from the roadside and barren places, and nursed back to health, fed, clothed, housed and educated, in the name of the American people who have furnished the funds for this great work."

"This has been our signal contribution to the world's future peace—that tens of thousands of these little ones shall all their lives look to us with gratitude and faith. It is a seed of world brotherhood that we have sown. Shall we let it die now?"

"The Near East Relief is appealing to the American people for the money to go on with this work—to keep these little ones alive and to save this martyred Christian people. Sixty dollars per year—\$10 per month—feeds a child. We have taken this great responsibility upon us. A whole nation looks to us in faith and trust."

"We cannot betray them now."

HEROISM SHOWN BY AMERICAN WORKERS OF NEAR EAST RELIEF

Cables Reveal Appalling Ar-
menian Need—Hundreds of
Thousands Starving.

By CHARLES V. VICKREY
General Secretary, Near East Relief

Approximately 500 American men and women are standing loyally and heroically at their posts in Armenia, Turkey and the Near East. Many of them during the long winter of isolation are undergoing what we in America call "hardship." But these, our fellow citizens in the Near East, are volunteers serving with a high purpose, and they do not recognize hardship when they meet it.

They have had their opportunity to withdraw with honor from the field of famine and desolation. They have refused to leave, because they know that their departure would mean death for tens of thousands of women and children whom their efforts have kept alive and whom they are determined to save for a better future.

A dozen cables are on my desk from various centers in Armenia, Anatolia, Cilicia and Syria pleading piteously for the lives of hundreds of thousands who are homeless: "Sixty-five thousand refugees Constantinople alone;" "Refugees flocking into Aleppo;"

"Twenty thousand refugees at Ismid;" "One hundred thousand people at Alexandropol will starve unless relief is provided;" "Refugees arriving from Caucasus, escaping persecution, naked, destitute! Urgent need to save most of them from death;" "Two hundred thousand starving between Kars and Alexandropol! Severe winter adding to distress."

Above all towers the mute appeal of the more than 100,000 little children, orphaned, homeless, whom these American relief workers have saved and whom we here at home must sustain not only through the winter and spring, but through the summer and autumn as well. If we do not provide, they perish! And with them dies the hope of a New Near East.

The Easter season is here—the season that commemorates the Great Sacrifice for mankind. America is known as a Christian nation. She is also the wealthiest nation that history has ever known.

Can we really enjoy our wealth and claim the name of Christian if we turn a deaf ear to the appeal which General Leonard Wood, in behalf of the Near East Relief, has sent forth broadcast for a Lenten Sacrifice Offering to save these little children in Bible Lands?

Summer Music in America

Review of the Hot Weather Music in New York
and Elsewhere in this Country

By John H. Dady

Just a few years ago, the first of May was the end of all musical activity. To find a recital after that date was indication of the debut of some fledgling artist or a sign of his previous inability to secure a stage. Passenger lists of steamships leaving our shores read like "Who's Who in Music." Anyone of prominence in that art felt obliged to leave our shores and spend as much time as possible in Europe. That they were justified in this was possibly true. Even a month's stay in France improves your Gallic tongue, and six weeks in Italy will help your fluency in the vernacular of Verdi. But their chief object was to spend even a little time in artistic atmosphere, before August 1914, supposed to be the exclusive possession of Europe.

CONSUELO ESCOBAR DE CASTRO

The poor public in these United States, some hundred million strong, contented itself with the local band concert. How we did look forward to that evening's music in the public square. If we were in the country, all day might be spent in the refreshing shade of the full-leaf tree, or beside the cooling river, but how eagerly we headed for the town center for the weekly musical offering. If July and August found us in the sweltering city, we sought the small district park, where, with thousands of others, we would enjoy the band's effort, even if horns of passing autos and clangs of nearby trolleys intruded themselves into the old, sweet song.

Strange that no successful attempts were made, save in the recent years, to hear prominent singers or orchestras under the open sky, or in some hall where the rigid decorum of the winter season does not rule. Many of us longed for the customs of the Continent in summer, when gathered around an informal table, we could enjoy the best music, while we imbibed wine or beer. The orchestra was always respectfully heard, but the evening called for relaxation.

New York was the first to imitate this idea, some four or five years ago, and it has since grown rapidly. This summer, the Stadium attached to the College of the City of New York, was occupied by a full symphony orchestra, under the baton of Walter Rothwell. Particularly adapted for the per-

formance of great music was this magnificently proportioned amphitheatre, situated on an eminence, the city spread out at its feet in long lanes of light. There every evening a varied program of the best music was offered, at low prices. The European Music Garden was imitated and refreshments served at small tables by white-coated waiters. Of course the famous brews had to be impersonated by grapejuice, but the idea of spending the evening in easy conventionality was achieved.

The numbers played conformed to such a notion. Walter Rothwell, the conductor, performed only various movements rather than a whole symphony, which he regarded as too heavy for the season. Mr. Rothwell is a director of ability, but the orchestra under his baton was far from finished. Their programs were monotonous, and popular interest would have been killed if practically all the prominent artists summering in this country had not appeared as soloists. The night Arthur Middleton sang, the enthusiasm was high and Marie Rappold also stirred a large audience to great demonstrations, but the orchestra itself would have been powerless to command popular interest.

In addition to the music at the Stadium, a series of free band concerts was offered at Columbia University. Few places are more suitable than the "Green" where Edwin Franko Goldman and his band of sixty pieces held their

MERLE ALCOCK

third season. Seven thousand people occupied the seats provided by the management, and it was usual for five thousand more either to bring their own cushions and chairs, or sit on the grass. This conductor, also, had in mind the heat of the season and the varied musical tastes of his listeners. He insisted on variety, and pieces of the same nature never followed one another. He felt that the evening would be enjoyed only if silence was secured, and that people would respectfully wait for the next if the present number had no appeal.

At Ocean Grove, the well known summer resort in New Jersey, a series of summer concerts was held this summer, at the Auditorium, and a number of prominent artists appeared. The quality

of the series can be gauged by the fact that Margaret Auer was among the singers, along with many from the Metropolitan Company.

This desire for summer was felt throughout the Chicago, no longer satisfied opera only in winter, the second summer season of where natural beauty and life are joined. There weeks of opera for which Eckstein had gathered a aggregation of stars. The spirit and enthusiasm in that seem to pass from the audiences and inspire the Enthusiasm was greatly over the debut of Consuelo bar de Castro, as Lucia.

Detroit adopted the idea at Arena Gardens, own orchestra played. rapidly as this city had a summer season was Admission prices were freshments served, submitted. An appeal was the young, through that followed, furnished tary band.

St. Louis, Mo., also successful run of summer Forest Park. To show that the music in summer real other side of our continent, Washington, continuing series of recitals inaugurated. There was no orchestra, but the well-known vocalists compensated.

Especially fortunate management in securing Alcock, the contralto in the whole country, but beloved by her native natural gift of song and interpretation helped enjoyment of this series the Stadium, which over blue waters of Puget Sound the evergreen forests, mountains beyond.
